

POLÍTICA DE IMPLICACIÓN & INFORME ANUAL

DB PREVISIÓN 18, FONDO DE PENSIONES

La Entidad Gestora ha encomendado el desarrollo y gestión de la política de implicación al Gestor de activos del Fondo de pensiones, DWS Investment GmbH, el cual publicará información sobre cómo ha aplicado dicha política de acuerdo con lo estipulado en el artículo 69.8 del Real Decreto 304/2004, de 20 de febrero, por el que se aprueba el Reglamento de planes y fondos de pensiones y las normas que en lo sucesivo lo desarrollen o modifiquen.

1. OBJETIVOS Y PRINCIPIOS DE LA POLÍTICA DE IMPLICACIÓN

La Comisión de Control, en representación del Fondo de Pensiones asume, como inversor institucional, el compromiso de proteger y mejorar el valor a largo plazo de los activos de sus partícipes y beneficiarios.

Para alcanzar este compromiso, es fundamental el desarrollo de las herramientas que la propia norma exige, en concreto el ejercicio de los derechos inherentes a los valores integrados en el Fondo y la Política de Implicación. Son herramientas eficaces, implicándose directamente en el desarrollo de la empresa en la que se invierte, analizando y supervisando su gestión con las mejores prácticas de gobernanza, con el objetivo de obtener no sólo un mejor desempeño financiero sino una mayor creación de valor a largo plazo.

La implicación efectiva y sostenible de los accionistas es una de las piedras angulares del modelo de gobierno corporativo de las sociedades cotizadas, que depende del sistema de control y equilibrio entre los distintos órganos y de todas las personas interesadas. Una mayor implicación de los accionistas en el gobierno corporativo constituye uno de los instrumentos que pueden contribuir a mejorar el rendimiento financiero y no financiero de esas sociedades, también por lo que se refiere a factores medioambientales, sociales y de gestión, en particular como los que se mencionan en los Principios de Inversión Responsable que las Naciones Unidas sostienen. Además, una mayor implicación por parte de todos los interesados en el gobierno corporativo constituye un factor importante a la hora de garantizar un enfoque más a largo plazo por parte de las sociedades cotizadas, que debe ser fomentado y tenido en cuenta.

Los inversores institucionales y los gestores de activos son con frecuencia importantes accionistas de las sociedades cotizadas y pueden, por lo tanto, desempeñar un papel destacado en el gobierno corporativo de esas sociedades, y también, de forma más general, en lo que se refiere a su estrategia y rendimiento a largo plazo.

En este sentido, por parte de la Comisión de Control del Fondo se desarrollan una serie de principios y objetivos de largo plazo, que se consideran convenientes para la supervisión de las entidades en las que se invierte, al menos en lo referente a la estrategia, el rendimiento financiero y no financiero, los riesgos, la estructura del capital, el impacto social y medioambiental y el gobierno corporativo, y que a su vez dará traslado a las partes interesadas o grupos de interés (multistakeholder).

Estos objetivos y principios se engloban en tres grandes áreas: de buen gobierno, medioambientales y sociales.

Estos principios serán revisados y actualizados según sea necesario siguiendo las tendencias del mercado, los aprendizajes de la participación y los desarrollos futuros de políticas públicas.

A. OBJETIVOS Y PRINCIPIOS DE BUEN GOBIERNO:

- **Objetivos:** Visión de propietario activo, a largo plazo: análisis de la gestión de riesgos reputacionales y legales por incumplimiento de normativa y/o mala práctica laboral, fiscal, medioambiental, de consumo o cualquier otra cuestión o regulación que afecte a los derechos de las partes interesadas que interactúan con la empresa.
- **Principios específicos:**
 - Códigos de Buen Gobierno (CNMV; G20-OCDE).
 - Principios y derechos fundamentales en el trabajo de la OIT
 - Directrices de la OCDE para empresas multinacionales
 - Principios Globales de Gobernanza de ICGN
 - Principios de Inversión Responsable de Naciones Unidas (UN PRI)
 - Principios del Pacto Mundial de Naciones Unidas Política anticorrupción y de prevención del blanqueo de capitales.
 - Objetivos de Desarrollo Sostenible (en adelante, ODS) relacionados con el buen gobierno, como Igualdad de Género (ODS 5) y Trabajo decente y crecimiento económico (ODS 8).

B. OBJETIVOS Y PRINCIPIOS MEDIOAMBIENTALES:

- **Objetivos:** Se velará por el cumplimiento de directivas medioambientales, con el principal objetivo de reducir los riesgos asociados. Se analizarán la información relacionada con las características medioambientales de las empresas en cartera, a través de los ratings proporcionados por agencias de calificación especializadas.
- **Principios específicos:**
 - Acuerdo de París y acuerdos supranacionales. Objetivos UE 2030.
 - ODS relacionados con el medioambiente y el cambio climático, como Acción por el Clima (ODS 13), Energía asequible y no contaminante (ODS 7) o Ciudades y comunidades sostenibles (ODS 11)

C. OBJETIVOS Y PRINCIPIOS SOCIALES:

- **Objetivos:** Se velará por el cumplimiento de los derechos humanos y laborales contenidos en los principios específicos. Se analizarán los sistemas de debida diligencia en materia de derechos humanos y laborales, que deberán considerar tanto de la actividad en la empresa principal como la de su cadena de suministro.
- **Principios específicos:**
 - Las líneas Directrices de la OCDE para Empresas Multinacionales.
 - Los Principios Rectores de las Naciones Unidas sobre las empresas y los derechos humanos.
 - Los principios y derechos establecidos en los ocho convenios fundamentales a que se refiere la Declaración de la Organización Internacional del Trabajo relativa a los principios y derechos fundamentales en el trabajo.

- La Carta Internacional de Derechos Humanos.
- ODS relacionados en materia social como el fin de la pobreza (ODS 1), Trabajo decente y crecimiento económico (ODS 8), Reducción de las desigualdades (ODS 10).

1. ENGAGEMENT (DIÁLOGO ACTIVO CON LAS EMPRESAS)

Los inversores institucionales y los gestores de activos deben ser más transparente en lo que respecta a su planteamiento sobre la implicación de los accionistas, debiendo desarrollar y revelar su política en materia de implicación de los accionistas o explicar por qué han optado por no hacerlo. La revelación pública de esta información podría tener un efecto positivo en la concienciación de los inversores, permitir a los beneficiarios finales, por ejemplo, futuros pensionistas, optimizar sus decisiones de inversión, facilitar el diálogo entre las sociedades y sus accionistas, fomentar la implicación de estos y mejorar su rendición de cuentas a los interesados y a la sociedad civil.

En este sentido, la Comisión de Control del Fondo, en representación de éste, podrá cooperar y comunicarse, en colaboración con el Gestor de Inversiones DWS Investment GmbH, con otros accionistas participando en acciones de diálogo activo o engagement o mediante la participación en campañas de implicación, ya sea a título individual o de manera colectiva.

Estas actividades de participación se llevan a cabo, entre otros, en los siguientes supuestos:

- Compañías con problemas (por ejemplo, estrategia, desempeño financiero y no financiero, riesgo, estructura de capital, así como factores ASG) que pueden resultar en efectos reales o potencialmente negativos en la posición financiera, los resultados de las operaciones y la reputación de un empresa.
- Compañías que han incumplido severa y estructuralmente estándares internacionales como los Principios de Inversión Responsable de las Naciones Unidas (UNPRI), la Iniciativa Pacto Mundial de Naciones Unidas, las Líneas Directrices para las Empresas Multinacionales de la OCDE, los Principios de la OCDE sobre el Buen Gobierno, la Declaración Tripartita de Principios sobre las Empresas Multinacionales y la Política Social de la OIT, los Principios Rectores de las Naciones Unidas sobre Empresas y Derechos Humanos, el Código Unificado de Buen Gobierno de la CNMV, las convenciones sobre municiones en racimo, así como la Declaración interna de inversión responsable de DWS Investment GmbH, la Política de integración ASG para la inversión activa y normas controvertidas sobre armas convencionales.
- Compañías con vínculos comerciales en cualquier actividad ASG controvertida según la definición del Grupo DWS.
- Compañías con una falta de divulgación, en sus informes regulatorios obligatorios y voluntarios, sobre cuestiones ASG relevantes y / o el impacto de factores ASG en sus finanzas.
- Empresas que están en proceso de integrar factores ASG en su estrategia, pero aún no cumplen con las mejores prácticas del mercado.

En aquellos casos en los que se hayan detectado controversias en relación con el cumplimiento de los parámetros y/o directrices, recomendaciones y normativas de consenso nacional e internacional expuestas en el apartado anterior por parte de alguno de los emisores de activos en cartera; la Comisión de Control, de manera directa o a través de un tercero delegado, podrá establecer procesos de diálogo con el objeto de promover la RSE y mejorar el binomio rentabilidad-riesgo de la cartera, a través de diferentes canales, tales como: correos electrónicos, cartas a los directivos, conferencias telefónicas, reuniones con la administración o reuniones anuales y extraordinarias de accionistas. Además, en casos puntuales, se contempla la presentación de propuestas de accionistas o la publicación de declaraciones públicas.

2. EJERCICIO DE LOS DERECHOS DE VOTO:

El artículo 69.7 del Real Decreto 304/2004, de 20 de febrero especifica que “La Comisión de control del Fondo de pensiones deberá ejercer, en beneficio exclusivo de los partícipes y beneficiarios, todos los derechos inherentes a los valores integrados en el fondo. Dichos derechos los ejercerá la comisión de control del Fondo, directamente, o a través de la entidad gestora, que seguirá las indicaciones de dicha comisión o lo dispuesto en las normas de funcionamiento del fondo. Si se contrata la gestión de activos del fondo con un gestor de activos, podrá encomendarse a este el ejercicio de derechos inherentes a los valores, incluidos los políticos, en los términos previstos en el contrato y teniendo en cuenta lo previsto en los estatutos de las sociedades emisoras”

Esta función ha sido delegada en la Entidad Gestora, la cual ha encomendado el ejercicio del derecho de voto al Gestor de activos del Fondo de pensiones, DWS Investment GmbH;

- **Política de voto 2025:** (DWS Corporate Governance and Proxy Voting Policy 2025))
<https://www.dws.com/en-es/solutions/sustainability/information-on-sustainability/>

Se ofrece una visión general del enfoque sobre el voto por delegación. A continuación, se adjunta un resumen de los aspectos más importantes al evaluar las propuestas de voto en las juntas de accionistas:

a. Composición del Consejo:

- **Nombramiento o reelección de uno o más directores ejecutivos y no ejecutivos:**
DWS votará generalmente EN CONTRA si:
Existen preocupaciones sobre si la empresa ha abordado adecuadamente cuestiones relacionadas con:
 - Finanzas, conflictos de intereses, abusos contra los intereses de los accionistas minoritarios.
 - Desigualdad en los derechos de voto.
 - Incumplimiento de normas y estándares reconocidos internacionalmente que puedan comprometer el valor a largo plazo para los accionistas. (Dependiendo de la gravedad del incumplimiento, podríamos votar caso por caso).
 - Gestión y divulgación de riesgos financieros relevantes relacionados con la sostenibilidad.
 - Solicitudes reiteradas de DWS para dialogar con la empresa.

b. Remuneración de la gerencia y del consejo de administración:

La estructura de incentivos de la alta dirección de una empresa participada debe estar alineada con los intereses de los accionistas. Se analiza minuciosamente la estructura, los elementos y la idoneidad del

sistema de remuneración, de acuerdo con las prácticas del mercado y/o las mejores prácticas internacionales, lo que puede derivar en una decisión de voto caso por caso, analizando los siguientes aspectos:

- Estructura de remuneración.
- Transparencia en la información.
- Alineación con el desempeño y los intereses de los accionistas.
- Discreción y excesos.

c. Puntos del orden del día relacionados con la auditoría:

Se analizarán los siguientes aspectos:

- Ratificación de los informes de auditoría.
- Nombramiento y remuneración del auditor.

d. Cuentas financieras, uso de beneficios y partidas relacionadas con el capital social:

Las medidas de capital, como las emisiones de acciones y la recompra de acciones, son de interés para los accionistas siempre que fortalezcan el éxito a largo plazo de la empresa. Para evaluar esto, las empresas deben proporcionar información adecuada a los accionistas sobre sus estrategias de financiación. Se analizarán los siguientes aspectos:

- Cuentas, estados financieros e informes, incluidos los informes no financieros.
- Emisión de acciones y otros instrumentos de financiación.
- Recompra de acciones.

e. Cuentas Opinión sobre las propuestas de descarbonización climática y accionarial:

Al evaluar las resoluciones de gestión relacionadas con el clima (declaraciones sobre el clima) que buscan la aprobación de los accionistas, así como las propuestas de los accionistas, DWS generalmente votará caso por caso, considerando, cuando corresponda, pero sin limitarse a, los criterios internos.

f. Estatutos y estructura legal. Puntos del orden del día de la empresa participada:

DWS generalmente votará en contra si se cumple, entre otras, las siguientes condiciones.

- La modificación afecta negativamente los derechos e intereses de los accionistas.
- La empresa participada no ha proporcionado información suficiente para evaluar las consecuencias de los cambios en los estatutos sociales respecto a los derechos de los accionistas.
- La modificación no se ajusta al valor a largo plazo de la empresa participada ni pone en peligro la continuidad del negocio.
- La propuesta busca establecer múltiples derechos de voto o busca introducir el voto en bloque/paquete.

g. Control corporativo:

Mecanismos Anti-adquisición

DWS votará generalmente en contra si se cumple alguna de las siguientes condiciones:

- La propuesta anti-adquisición no requiere la aprobación de los accionistas.

- La propuesta refuerza las defensas anti-adquisición de la empresa participada. Se podrá considerar una excepción si la empresa participada explica por qué la medida propuesta es necesaria para la continuidad del negocio y está en consonancia con el crecimiento a largo plazo de la empresa.
- La propuesta otorga al gobierno u otros organismos una participación preferencial, directa o implícita, en la empresa participada.

h. Transacciones entre partes vinculadas:

Al evaluar las resoluciones que buscan la aprobación de los accionistas para transacciones con partes relacionadas (RPT, por sus siglas en inglés), DWS generalmente votará en contra si se cumple alguna de las siguientes condiciones:

- Existe una falta de divulgación adecuada en relación con la transacción propuesta, de acuerdo con las mejores prácticas nacionales, incluyendo detalles de las partes involucradas, la duración, el valor de la transacción propuesta y la justificación.
- La empresa no ha divulgado información relevante para determinar la equidad de la transacción.
- La transacción expone a la empresa a un riesgo desproporcionado si se relaciona con la concesión de préstamos, depósitos interempresariales o anticipos realizados por la entidad cotizada o su filial.
- La transacción presenta o puede presentar conflictos de interés significativos.
- El Consejo de administración (consejeros independientes) o el Comité de auditoría han expresado su preocupación por la equidad de la transacción o no la han aprobado.
- La fijación de precios/valoración de la transacción (y cualquier valoración profesional asociada) no redunde en beneficio de la empresa.
- El asesor financiero independiente y el auditor han manifestado su preocupación por la salud financiera de las entidades involucradas.
- La realización de esta transacción no redunde en el mejor interés de la empresa.

i. Propuestas de los accionistas

En general, DWS apoya las propuestas de los accionistas que redunden en el mejor interés económico de los clientes. La revisión de dichas propuestas se realiza caso por caso, teniendo en cuenta nuestra postura sobre los siguientes temas:

- Separación de los cargos de presidente y director ejecutivo.
- Nombramiento de un presidente independiente.
- Diversidad en el consejo de administración.
- Creación de comités clave.
- Exceso de personal en el consejo.
- Eliminación de las elecciones escalonadas del consejo.
- Eliminación del requisito de mayoría cualificada para modificar los estatutos.
- Establecimiento del principio de "una acción, un voto".
- Propuestas de sostenibilidad (ambiental y social): Se apoyan propuestas de accionistas que, por ejemplo, soliciten a una empresa que divulgue los riesgos de sostenibilidad financieramente relevantes y las oportunidades relacionadas, así como su gobernanza, estrategia, indicadores y objetivos, incluyendo sus políticas y riesgos ambientales. También propuestas de accionistas que soliciten a las empresas la adopción de estándares laborales y de derechos humanos, y que informen sobre los riesgos para los derechos humanos en sus operaciones o cadenas de suministro.

- Propuestas climáticas: Se respaldan las propuestas de los accionistas que, por ejemplo, soliciten a una empresa que divulgue los riesgos climáticos financieramente relevantes y las oportunidades relacionadas, la gobernanza, la estrategia, las métricas y los objetivos, incluidos, cuando corresponda, los riesgos físicos y de transición, así como la forma en que la empresa identifica, mide y gestiona dichos riesgos. También las propuestas de los accionistas que soliciten a una empresa que establezca una supervisión climática formal, divulgue las emisiones de GEI y los objetivos, establezca un plan de transición climática e informe sobre su progreso, e implemente medidas para mitigar los riesgos climáticos cuando sean financieramente relevantes.

En el informe de gestión anual del Fondo de pensiones se dejará constancia de la política relativa al ejercicio de los derechos políticos de participación y voto en las juntas y asambleas generales inherentes a los valores integrados en el fondo de pensiones, informando, con carácter anual, de las Juntas de Accionistas de sociedades de las que el Fondo tuviese valores con derecho a asistir y hubiera recibido convocatoria de asistencia a Junta, y de la dirección en la que en su caso se hubiera ejercido el derecho de voto, de acuerdo con lo estipulado en el artículo 69 del Real Decreto 304/2004, de 20 de febrero, por el que se aprueba el Reglamento de planes y fondos de pensiones y las normas que en lo sucesivo lo desarrollen o modifiquen.

3. GESTIÓN DE LOS CONFLICTOS DE INTERÉS:

La Política de Implicación debe incluir medidas que permitan gestionar los conflictos de intereses reales o potenciales, en particular en situaciones en las que los inversores institucionales o los gestores de activos o sus empresas asociadas mantienen relaciones comerciales importantes con la sociedad en que se invierte.

Deberá articularse un procedimiento para detectar, prevenir, impedir, mitigar, gestionar y controlar los conflictos de interés que pudiera surgir entre los prestadores de servicios y los partícipes y beneficiarios, la Entidad Gestora, la Depositaria, la Promotora, derivados del sistema de implementación de la Política de Implicación y que puedan afectar al correcto desarrollo de la misma. A estos efectos, se deberá indicar, con anterioridad a actuar por cuenta del Fondo:

1. Naturaleza general u origen del conflicto de interés:

- Entre Gestora y entidades del grupo.
- Entre Gestora y empresas afectadas por la Política de Implicación. Entre los responsables de implementar la Política y la Entidad Gestora o entidades del grupo.
- Entre los responsables de implementar la Política de Implicación y las empresas afectadas.

2. Desarrollo de procedimientos y políticas adecuadas:

- Informar sobre el proceso y mecanismos de toma de decisiones.
- Cómo prevenir la toma de decisiones de personas ajenas a la entidad. Comunicar los conflictos surgidos y la resolución de éstos.

El gestor de activos debe proporcionar información adecuada al inversor institucional sobre los conflictos de intereses que, en su caso, hubiesen surgido en relación con las actividades de implicación y cómo han sido abordados por el gestor de activos. Por ejemplo, conflictos de interés pueden impedir votar al gestor de activos o incluso impedirle toda implicación. Todas esas situaciones deberían revelarse a los inversores institucionales.

En este sentido, DWS Investment GmbH, es responsable de establecer un marco e implementar sistemas, controles y procedimientos para identificar, escalar y gestionar los conflictos de intereses derivados del ejercicio de los derechos inherentes a los valores que componen la cartera del Fondo. Entre los conflictos de interés identificados, se tienen en cuenta:

- a) Conflicto de intereses real (es decir, un conflicto de intereses que ha surgido) y un posible conflicto de intereses.

- b) Conflicto de intereses percibido (es decir, una situación que puede dar lugar a la percepción de un conflicto de intereses), incluso cuando éste pueda no existir.

DWS Investment GmbH elabora y mantiene acuerdos organizativos, de procedimiento y administrativos diseñados para identificar y manejar conflictos de intereses reales o potenciales. En particular, el Registro de conflictos de intereses de DWS incluye detalles sobre el conflicto en cuestión, así como medidas de mitigación.

4. COMUNICACIÓN Y REPORTE:

La Comisión de Control, en representación del Fondo como inversor institucional, considera apropiado, para ser más transparente en su implicación como accionista, publicar con carácter anual en el informe de gestión, los siguientes aspectos relevantes de su Política de Implicación:

- Descripción general de su comportamiento en relación con sus derechos de voto y otros derechos asociados a las acciones. Una explicación de las votaciones más importantes en las que hayan participado, y, en su caso, la utilización de los servicios de asesores de voto.
- El sentido de su voto en las juntas generales de las sociedades en las que el Fondo posee las referidas acciones, en caso de haberse ejercido, salvo que dichas votaciones sean inmateriales debido al objeto de la votación o al tamaño de la participación en la sociedad.
- Las cooperaciones y comunicaciones que se hubieran podido realizar con otros accionistas participando en acciones de diálogo activo o engagement o mediante la participación.
- El procedimiento para detectar, prevenir, impedir, mitigar, gestionar y controlar los conflictos de interés que pudiera surgir en la aplicación de la presente Política entre los diversos actores.
- Resultados de las mediciones de los aspectos medioambientales, sociales y de gobierno corporativo alcanzados.

En el caso, de no ajustarse a los aspectos relevantes aquí descritos, la Comisión de Control y en su caso, la Entidad Gestora y los gestores de activos, publicarán una explicación clara y motivada sobre las razones por las que han decidido no cumplirlos.

INFORME ANUAL

A continuación, se muestra una descripción general del comportamiento en relación con los derechos de voto, una explicación de las votaciones materiales en las que el Fondo de pensiones ha participado, y, en su caso, la utilización de los servicios de asesores de voto:

Voting Statistics

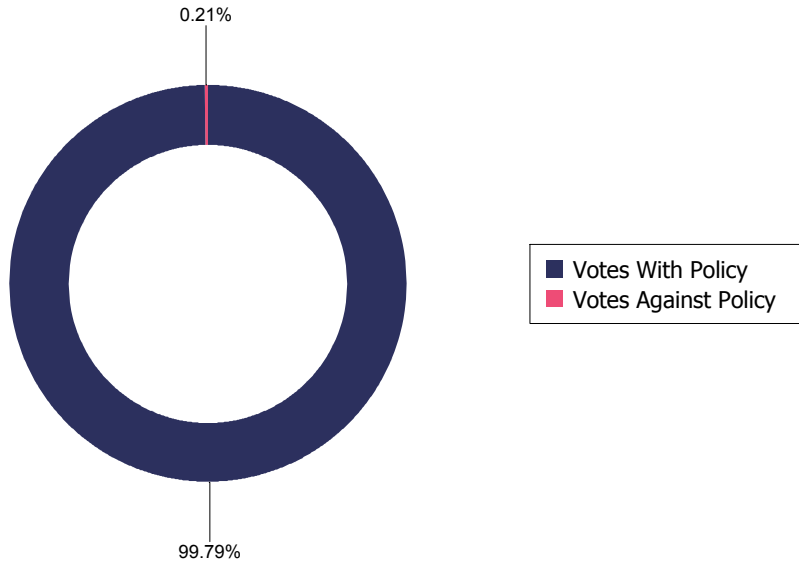

Vote Cast Statistics

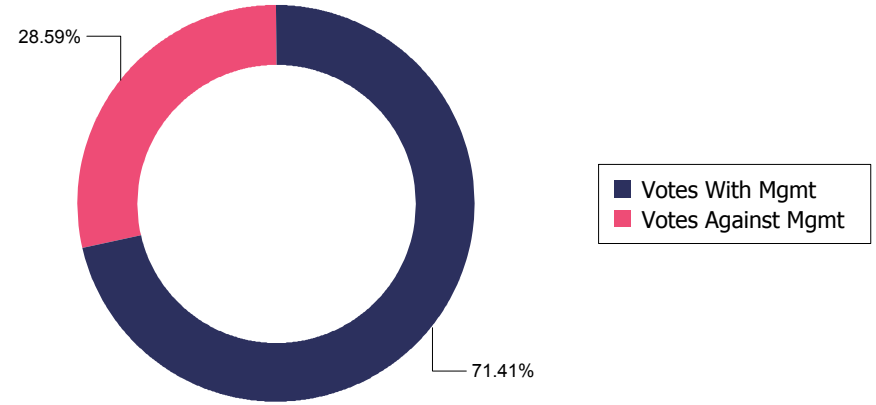

Note: "MSOP" frequency = Management Say On Pay frequency proposal votes allow shareholders to determine whether, going forward, the "say-on-pay" vote to approve compensation should occur every one, two, or three years. For all calculations in this report, only ballots in status Confirmed or Sent are considered voted. All other ballot statuses are considered unvoted. Do Not Vote instructions are not considered voted and re-registration events are not included. Notwithstanding the above, each unique vote cast is counted within all calculations. In cases of different votes submitted for an individual agenda item, votes cast are discretely counted by vote cast (For, Against, etc.) per proposal. This may result in voting totals exceeding the number of votable items. Withhold vote instructions, predominantly seen in the US market for companies using a plurality vote standard, denote a contrary vote opinion on director elections; for further information, please review ISS' policy guidelines : <https://www.issgovernance.com/policy-gateway/voting-policies>
